

Fayette County Animal Rescue

Adoption Application Form

*** IMPORTANT ***

Please review our adoption requirements prior to completing an application. We follow these requirements, however we do make exceptions in rare circumstances. Our goal is to find forever homes for our rescues where they can live in a happy and safe environment.

- FENCE

For most dogs, a fence is required. We do an **onsite** physical fence inspection. Submitting pictures and/or video of all 4 sides of your fence with this application will speed up the process. The fence must be tall enough and secure enough for the animal.

- VET RECORDS

We require that current and previous animals be current on vaccinations & heartworm prevention. Submitting copies of your vet records showing vaccinations & purchase of heartworm prevention is helpful. We will contact your veterinarian to confirm your animal's current status and history.

- ADOPTION FEE

All of our rescues are rehabilitated and once healthy are available for an adoption fee of \$95 for cats and dogs. This fee includes:

- Extensive medical health check by a licensed veterinarian.
- Up to date on all vaccinations. Puppies may require some additional booster shots which we will pay for if coordinated through us and our veterinarian.
- Spayed/Neutered
- Microchipped
- 30 day money back guarantee

FCAR - Adoption Application Form

Household Information

Provide the following information about the person interested in adopting.

Name: _____ Age: _____

Address: _____

City: _____ State: _____ Zipcode: _____
